

Just what IS the Church? Is it a place where professionally trained “holy people” do all the work and I just sit there? Do I really have anything I can offer? The Bible describes church as a community of people made one by a common faith – a community in which each person has the privilege of helping “one another” grow in faith by how we treat “one another”. See what these verses have to say about how we can serve “one another” as we are able, as Luke 8:3 describes the service of the women who accompanied Jesus and the Twelve. You will discover that Church is more than sitting in a pew on Sunday morning. It is a living fellowship where we each have the opportunity to impact each other and help each other grow in faith, simply by being the people God is making us to be.
